The contributions will help someone have a Christmas that they normally wouldn't have. To get into the movie, donations of 3 canned items of food equals a pass. One blanket will get an entire family into the show. \$1.50 will also get an individual into the show. All these items go to the Sub-for-Santa program.

There are also donation boxes located at KIS Photo, Wasatch Video, the Post Office, and the Wasatch Wave.

The Heber Valley Jaycees want to make this Christmas season special for everyone, not just those who can afford to buy.

"We feel that the Sub-for-Santa program is beneficial to the community members," said Steve Zimmerman, Jaycees President. "We hope that the people of Heber Valley will give generously to the program."

The three teams, Varsity (GPA 0.00-2.00), Scholastic (3.00-3.74) and Honors (3.75-4.00) have been chosen at the high school and have been in preparation to meet and compete in a regional competition. Since only one school may represent a district at the state event, districts are being encouraged to hold competitions to determine that representative.

This year South Summit will

competing team will consist of 9 members. They must be either 11th or 12th grade students of either sex in any ration. On the state level the team will consist of 6 members with 3 alternates. The alternates will be allowed to take the test at the state competition this year.
